### ST85F/ST125F Convertible Scorers Table (Freestanding on Floor)

The most common use of our convertible 8' (ST85F) or 12' (ST125F) scoring tables is setup on the floor with chairs providing the seating • Purchase Bison **STC500S** chairs to provide seating coordinated with your scoring table.

### ST85F Convertible Scorers Table (Installed in Bleachers)

When space between the court and the bleachers is limited, Bison convertible scoring tables can be used at any height in the bleachers using a wooden field constructed platform • This allows scoring and statistical personnel to sit on existing bleacher seats • Bison will provide a universal design platform drawing on request.

### ST85B Space Saver Scorers Table (Up Against Bleachers)

This extra tall table allows the table to be positioned on the gym floor, up against the first row of bleacher seats • The height is designed to allow personnel to sit comfortably on the second row of bleacher seats • Space Saver is the best choice if the gym does not want to put scoring tables in the bleachers but has limited floor space outside the sidelines • Normally requires at least 48" of space between front of bleachers and court sidelines.

**"The Bison scorers table we purchased was more than we bargained for!** The graphics were outstanding, the quality was excellent and the price was reasonable. I was impressed with the turnaround time and how well it was constructed. It has had a positive impact on our school spirit. Anyone who walks into the gym notices the table right away. When people ask who we got it from, I direct them to Bison with positive recommendations."
