Easy-to-Read
Height Indicator

*Zip*Crank™
Goal Height Adjusters

From adult to youth play in 60 seconds…ZipCrank corner mount rim height adjusters are designed to avoid reduced backboard and rim rigidity common with other height adjustable goal systems • Movable framework slides up and down on two chrome plated 1" diameter rods riding in machined steel bushings • Height adjusters are installed between the backboard and the backboard support structure and when retrofitted on existing courts moves face of backboard 4¼" toward the free throw line • May require minor field drilling on some existing retrofit applications • Adjusts rim infinitely from official 10' to 8' heights and includes easy-to-read height indicator labels • Operated with the hand crank provided or with optional **BA931** Cordless Winch Winder • See chart below for ordering details including use on center strut structures • 5-Year limited warranty.

| Backboard Type	Manual Operation
42" x 72" backboard with 4 corner mounts	**BA980RS**
48" x 72" backboard with 4 corner mounts	**BA980RT**
Fan shaped backboard	**BA980F**
Other backboards with approximate 35" (w) x 20" rear mounting patterns	**BA980F**
Backboards that mount to single 6" or 6⅝" diameter support structures	See page 15 for adapters and consult a Bison Product Specialist
Backboards on certain T-Rex portable backstops See page 8 for details	**BA980P**
