

IDENTIFY YOUR WINCH TYPE

**4000-STYLE
ALUMINUM
(#94000B)
(#SNAVWINCHCP)**

The original #94000B Winch had a single loop at the bottom location, and the original #WINCHCP had loops at the top and middle location. Current models have all 3 loops. This winch carries a limited lifetime warranty.

Crank Handle Mounting Plates differ.

- long rectangle is 4000 Aluminum
- diamond-shaped is 4000 Steel
- small rectangle with bolts above is 3000

**4000-STYLE
STEEL
(#4000E)**

Both the 4000-style steel winch and the 3000-style winch are out of warranty and no longer available. Replacement is the 4000 Aluminum which is covered by a limited lifetime warranty.

**3000-STYLE
STEEL
(#3000N)**

**ASPEC27
(ASPEC08
model had no
brass block.
