Item	Qty	Description	Item	Qty	Description
A	2	Table Top Shot Clock Base	C	8	3/8" X 3/4" Hex Bolt (provided with shot clocks)
B	2	Shot Clock (Order Separately)			

- ♦ Inspect all contents prior to installation. Report any missing parts to dealer immediately.
- ♦ Read all instructions before proceeding.
- ♦ Never substitute locally sourced components for missing, lost or damaged factory components.
- ♦ Save this instruction in the event that the manufacturer must be contacted in the future.

1. Use the 3/8" X 3/4" Hex Bolts (C) provided with the Shot Clocks (B) to mount the Shot Clocks (B) to the Table Top Shot Clock Base (A).

Note: The base is a mirror image so it can't be assembled incorrectly.

2. Connect the powder cord that's supplied with the Shot Clock (B) to the bottom of the Shot Clock (B), passing through the opening in the Table Top Shot Clock Base (A)
3. Position the Shot Clock (B) and Table Top Shot Clock Base (A) assembly on a sturdy stand or table in a place visible to the players and referees but not likely to be hit by an erratic shot or run into by a player.
